

L.G. Cook 4-H Camp

Honor Campers

Four campers are chosen every week of camp that exemplifies the spirit of 4-H Camp. We hold a special candle light ceremony on the last night of camp to honor these individuals and to applaud their excellence at camp.

The counseling staff team recommends campers for these awards. They look for campers that exhibit clear thinking & good decision making for the Head Award. They look for someone who cares for others and tries hard in everything they do for the Heart Award. Campers who reach out to help others and serve camp are often nominated for the Hands Award. And the Health Award is given to those who have striven to make themselves and others better through participation in a healthy camping experience.

Thomas Murphy Award

The Counselor in Training program is an integral part of our camp. The CIT's represent the best of our campers; and many will be future leaders and counselors at camp. By definition they are honor campers. Each day they lead by example, work hard and share in the joy of camp. But amongst these young leaders are those that shine.

Each week fellow CIT's, counselors and staff will nominate individuals that are the best in the CIT program. At Friday's closing ceremony, one CIT will receive the Thomas Murphy CIT Award in recognition of their efforts. And the recipient of this award leads the campers to the Honor Camper Ceremony.
